Cemu - Bug #261

Vulkan Mario Kart 8 Black Screen Issue

01/21/2020 12:33 AM - Anonymous

Status:	Resolved	**Start date:**	01/21/2020
Priority:	Normal		
Assignee:			
Category:	Graphic		
API:	Vulkan	**GPU Vendor/Model:**	AMD RX 570
Cemu Version:	1.16.1		

Description

When completing a cup or exiting back to the main menu and a fade to black transition is applied, sometimes the display remains black even when the transition has ended. Exiting fullscreen and re-entering fullscreen solves this issue.
