Cemu - Bug #344

Edit game profile settings (CPU mode, thread quantum, etc.) do not save when changed

05/23/2020 06:40 PM - BigYeem

Status:	Closed	**Start date:**	05/23/2020
Priority:	Normal		
Assignee:			
Category:	General		
API:	OpenGL, Vulkan	**GPU Vendor/Model:**	Nvidia GTX 1060
Cemu Version:	1.19.0d		

Description

Changing the CPU mode, thread quantum, etc under the game profile settings menu does not actually change the settings. They revert immediately after being chosen. If you change single core to dual core, for example, this will change back to single core as soon as the window is closed. It does not seem to change anything when emulating a game with it open, either. This is the same for all games. Running latest Nvidia drivers.
Version: 1.19.0d
GPU: GTX 1060 6GB
CPU: i5 4460
RAM: 8GB DDR3
