

Cemu - Feature requests #147

Save Size of Columns in Games List

07/23/2019 11:36 PM - natepley

Status: Resolved	Start date: 07/24/2019
Priority: Normal

Cemu Version:	
Description Save the width of the columns in the game list. Every time I open Cemu, my columns are so narrow that I can't read anything and they're completely useless. Saving the width I set them too would make the game list much more attractive and functional. Thanks!
