

Cemu - Bug #255

Vulkan - Ninja gaiden 3 crash after intro

01/09/2020 01:54 AM - felixthecat

Status: Resolved	Start date: 01/09/2020
Priority: Normal	
Assignee:	
Category: Compatibility	
API: Vulkan	GPU Vendor/Model: vega 11
Cemu Version: Cemu1.16.1	
Description ryzen 5 3400g 2x4gb 8gb ssd samsung 960 windows 10 (1909) gpu driver 19.12.3 clean instal, game update ok. crash after intro	

History

#1 - 03/21/2020 05:01 PM - felixthecat

- File log1.txt added

Tested again with cemu Cemu 1.17.4 + vulkan + adrenaline 2.3.1 + default settings

Now crash starting new game, but training mode plays ok (graphic bugs with shadows ogl and vulkan)

OGL play OK.

#2 - 07/20/2020 04:40 PM - felixthecat

Update July 20 - 2020 Tested with new version cemu 1.20.0c + vulkan + adrenaline 20.7.1 + default settings

*Fixed all Issues

#3 - 04/10/2021 05:06 PM - Serfrost

- Status changed from New to Resolved
