

Cemu - Bug #35

Text cut off in graphic packs descriptions

04/06/2019 05:39 PM - randompersonjci

| | |
|--|-------------------------------|
| Status: Resolved | Start date: 04/06/2019 |
| Priority: Normal | |
| Assignee: | |
| Category: UI | |
| API: | GPU Vendor/Model: |
| Cemu Version: | |
| Description Sometimes, the text in long descriptions of graphic packs gets cut off early, and resizing the window changes when the text will cut off. (Screenshots attached) | |

History

#1 - 07/04/2019 12:42 AM - Zalnor

- Category changed from General to UI

#2 - 04/11/2021 05:59 PM - Serfrost

- Status changed from New to Resolved

Should now be fully resolved unless you attempt to resize the window to be larger and then shrink it again; the scrollbar update with 1.22.8 essentially makes this a non-issue.
