Cemu - Bug #414

Fatal Frame 5 Crased on Cutscene in Chapter 4

09/12/2020 10:28 PM - Abdur373

Status:	Closed	**Start date:**	09/13/2020
Priority:	Normal		
Assignee:			
Category:	General		
API:	OpenGL, Vulkan	**GPU Vendor/Model:**	NVIDIA G FORCE 1650
Cemu Version:	1.21.1b		

Description

The Game is frozen when entering a cutscene in chapter 4 (bt glancing the maiden duo and the cutscene right before battling the maiden slayer. the screen just turned white and when you skip it, the screen turns black and froze (the music still running), and i tried using OpenGL and Vulkan but the result is the same, so it makes the game totally unplayable.
