

Cemu - Bug #432

Cannot input Alt+C | Ctrl+Alt+C anywhere while Cemu is open in the background.

11/07/2020 12:00 AM - Chest54

Status: Accepted	Start date: 11/07/2020
Priority: Normal	
Assignee: Petergov	
Category: Input	
API:	GPU Vendor/Model:
Cemu Version: 1.22.10	
Description When I have Cemu open in background, I cannot input Right Alt and C in other applications, in my case with the Polish keyboard layout it would input the letter c with an acute accent, Ctrl+Left Alt+C does not work either, though Right Alt+Shift+C still works to input the capital letter c with an acute accent. (This bug tracker does not let me submit a report with unicode characters in it for some reason) Cemu 1.21.4 on Windows 10 20H2.	

History

#1 - 11/07/2020 12:03 AM - Chest54

Also reproduced on 1.21.5, just noticed there was an update

#2 - 04/12/2021 01:01 AM - Serfrost

- Subject changed from *Cannot input Alt+C in other applications with Cemu open* to *Cannot input Alt+C | Ctrl+Alt+C anywhere while Cemu is open in the background.*

- Category set to *Input*

- Status changed from *New* to *Accepted*

- Assignee set to *Petergov*

- Cemu Version changed from *1.21.4* to *1.22.10*

As of Cemu 1.22.10

- LAlt/RAlt+Ctrl+C/V/B - Reproduced - did not test more keys.
- LAlt/RAlt+C - Cannot replicate issue.

You can easily test here: <https://en.key-test.ru/>
