Cemu - Bug #527

Sonic & All-Stars Racing Transformed [crashes a lot and has glitched visuals and missing textures and glitched text]

06/08/2021 12:50 AM - Highspeedfl

Status:	New	**Start date:**	06/07/2021
Priority:	Normal		
Assignee:			
Category:	General		
API:	OpenGL, Vulkan	**GPU Vendor/Model:**	GTX 970
Cemu Version:	1.23.0c		

Description

Sonic & All-Stars Racing Transformed is a fun game to play but whenever you emulate it on cemu it fails to provide a fun experience for anyone who plays it the problems are crashing a lot, glitched visuals, missing textures, and glitched text and the glitched visuals can hurt eyes because the glitched visuals are so bright and flickering and it isn' good for my eyes so im writing this so people can notice that there are problems with the emulation of Sonic & All-Stars Racing Transformed on cemu.

The devs are aware of the state of the game, however it is a low priority title as not many play the game and it does have a native PC version. No need to upload any more info about the games issue.

#11 - 06/12/2021 02:02 AM - Highspeedfl

i understand but im doing this for people who dont feel like buying the pc version but have a legit wii u copy that they dumped so they can enjoy the game on a laptop on the go or something

#12 - 06/12/2021 02:04 AM - Highspeedfl

at least they fixed it now which is always good even if people dont play because every time a game gets fixed or stability for every game does it makes cemu a better emulator for people to use for wii u [Zalnor](#)
