

Cemu - Feature requests #541

Show disconnected controllers as "(disconnected)" on Xinput, and other APIs if possible

07/16/2021 06:31 PM - Geroyuni

| Category: | Input | | |
| API: | | GPU Vendor/Model: | |
| Cemu Version: | | | |
| Description | | | |
| Similarly to other emulators, instead of hiding a controller, show "Controller 1 (disconnected)", and so on. This allows people to configure a controller right away with a controller profile before it's been connected. | | | |
