Cemu Version:	1.25.2		
Description			
<p>Hello, On several games like for example LEGO MARVEL after launching the game or visually I see images then the black screen appears but the audio remains until CEMU crashes.</p> <p>I also have another crash issue on mario and sonic games at olympics when loading back to menus.</p> <p>I specify that I recovered the games on wii u usb helper.</p> <p>If anyone has a solution to these problems I would be interested in some help.</p> <p>Thank you in advance for your response</p>
