Description	
<p>Wild thought, but it would be cool to see Cemu some day being able too read wiiu formatted USB sticks like the dumping tool dumpsterU.</p> <p>Probably won't get the biggest user amount, but could help some people in installing games directly from their storage into cemu.</p> <p>DumpsterU's requirements are opt and seeprom from the console for browsing and dumping.</p> <p>https://github.com/GaryOderNichts/DumpsterU</p>
