

Cemu - Feature requests #76

Allow Graphic Packs to change the .tga files in the meta folder of games.

Description I wanted to know if it could be possible to have graphic packs be able to replace the .tga files in the meta folder of the games. That way, game mods that are complete overhauls could have their own cemu icons & boot screens in Cemu without having to replace the game files entirely. Another crazy idea: Could we possibly treat graphic packs with new icons as entirely new games in the Game List?
