

Cemu - Feature requests #84

Add a mappable action for Shaking a Wiimote

06/13/2019 04:39 AM - Serfrost

Status:	In Progress	Start date:	06/12/2019
Priority:	Normal		
Assignee:	Petergov		
Category:	Input		
API:		GPU Vendor/Model:	
Cemu Version:			
Description			
As motion support isn't currently in its best standing with Wiimotes, it would be nice to be able to map this action.			
Primarily, this action would allow 2-player Co-op in New Super Mario Bros. U / Luigi U.			
The game requires both players to use a Wiimote controller and to do certain required actions, Shaking the controller is absolutely required.			

History

#1 - 06/14/2019 07:30 AM - Serfrost

If the game's update is applied it will allow Pro Controllers, but ironically not everyone bothers updating, so this simply results in more questions.
